BETTER BUILT MACHINES TO BUILD BETTER BUSINESSES

At LiuGong, we make ownership easy. Our machines operate intuitively, perform powerfully and endure even in the most extreme conditions. And when maintenance is needed, service is straightforward and simple. It's a commitment to providing you with peace of mind not just in the pieces of equipment you purchase, but in the support we provide long after the sale. For over 65 years we've been evolving, innovating and improving not just how our machines can work better, but how we can work better for you. Look, we know jobsites are tough. Which is exactly why keeping your machines and operations up and running should be easy.

800+ DEALERS
WORLDWIDE

35+ REGIONAL
PARTS CENTERS

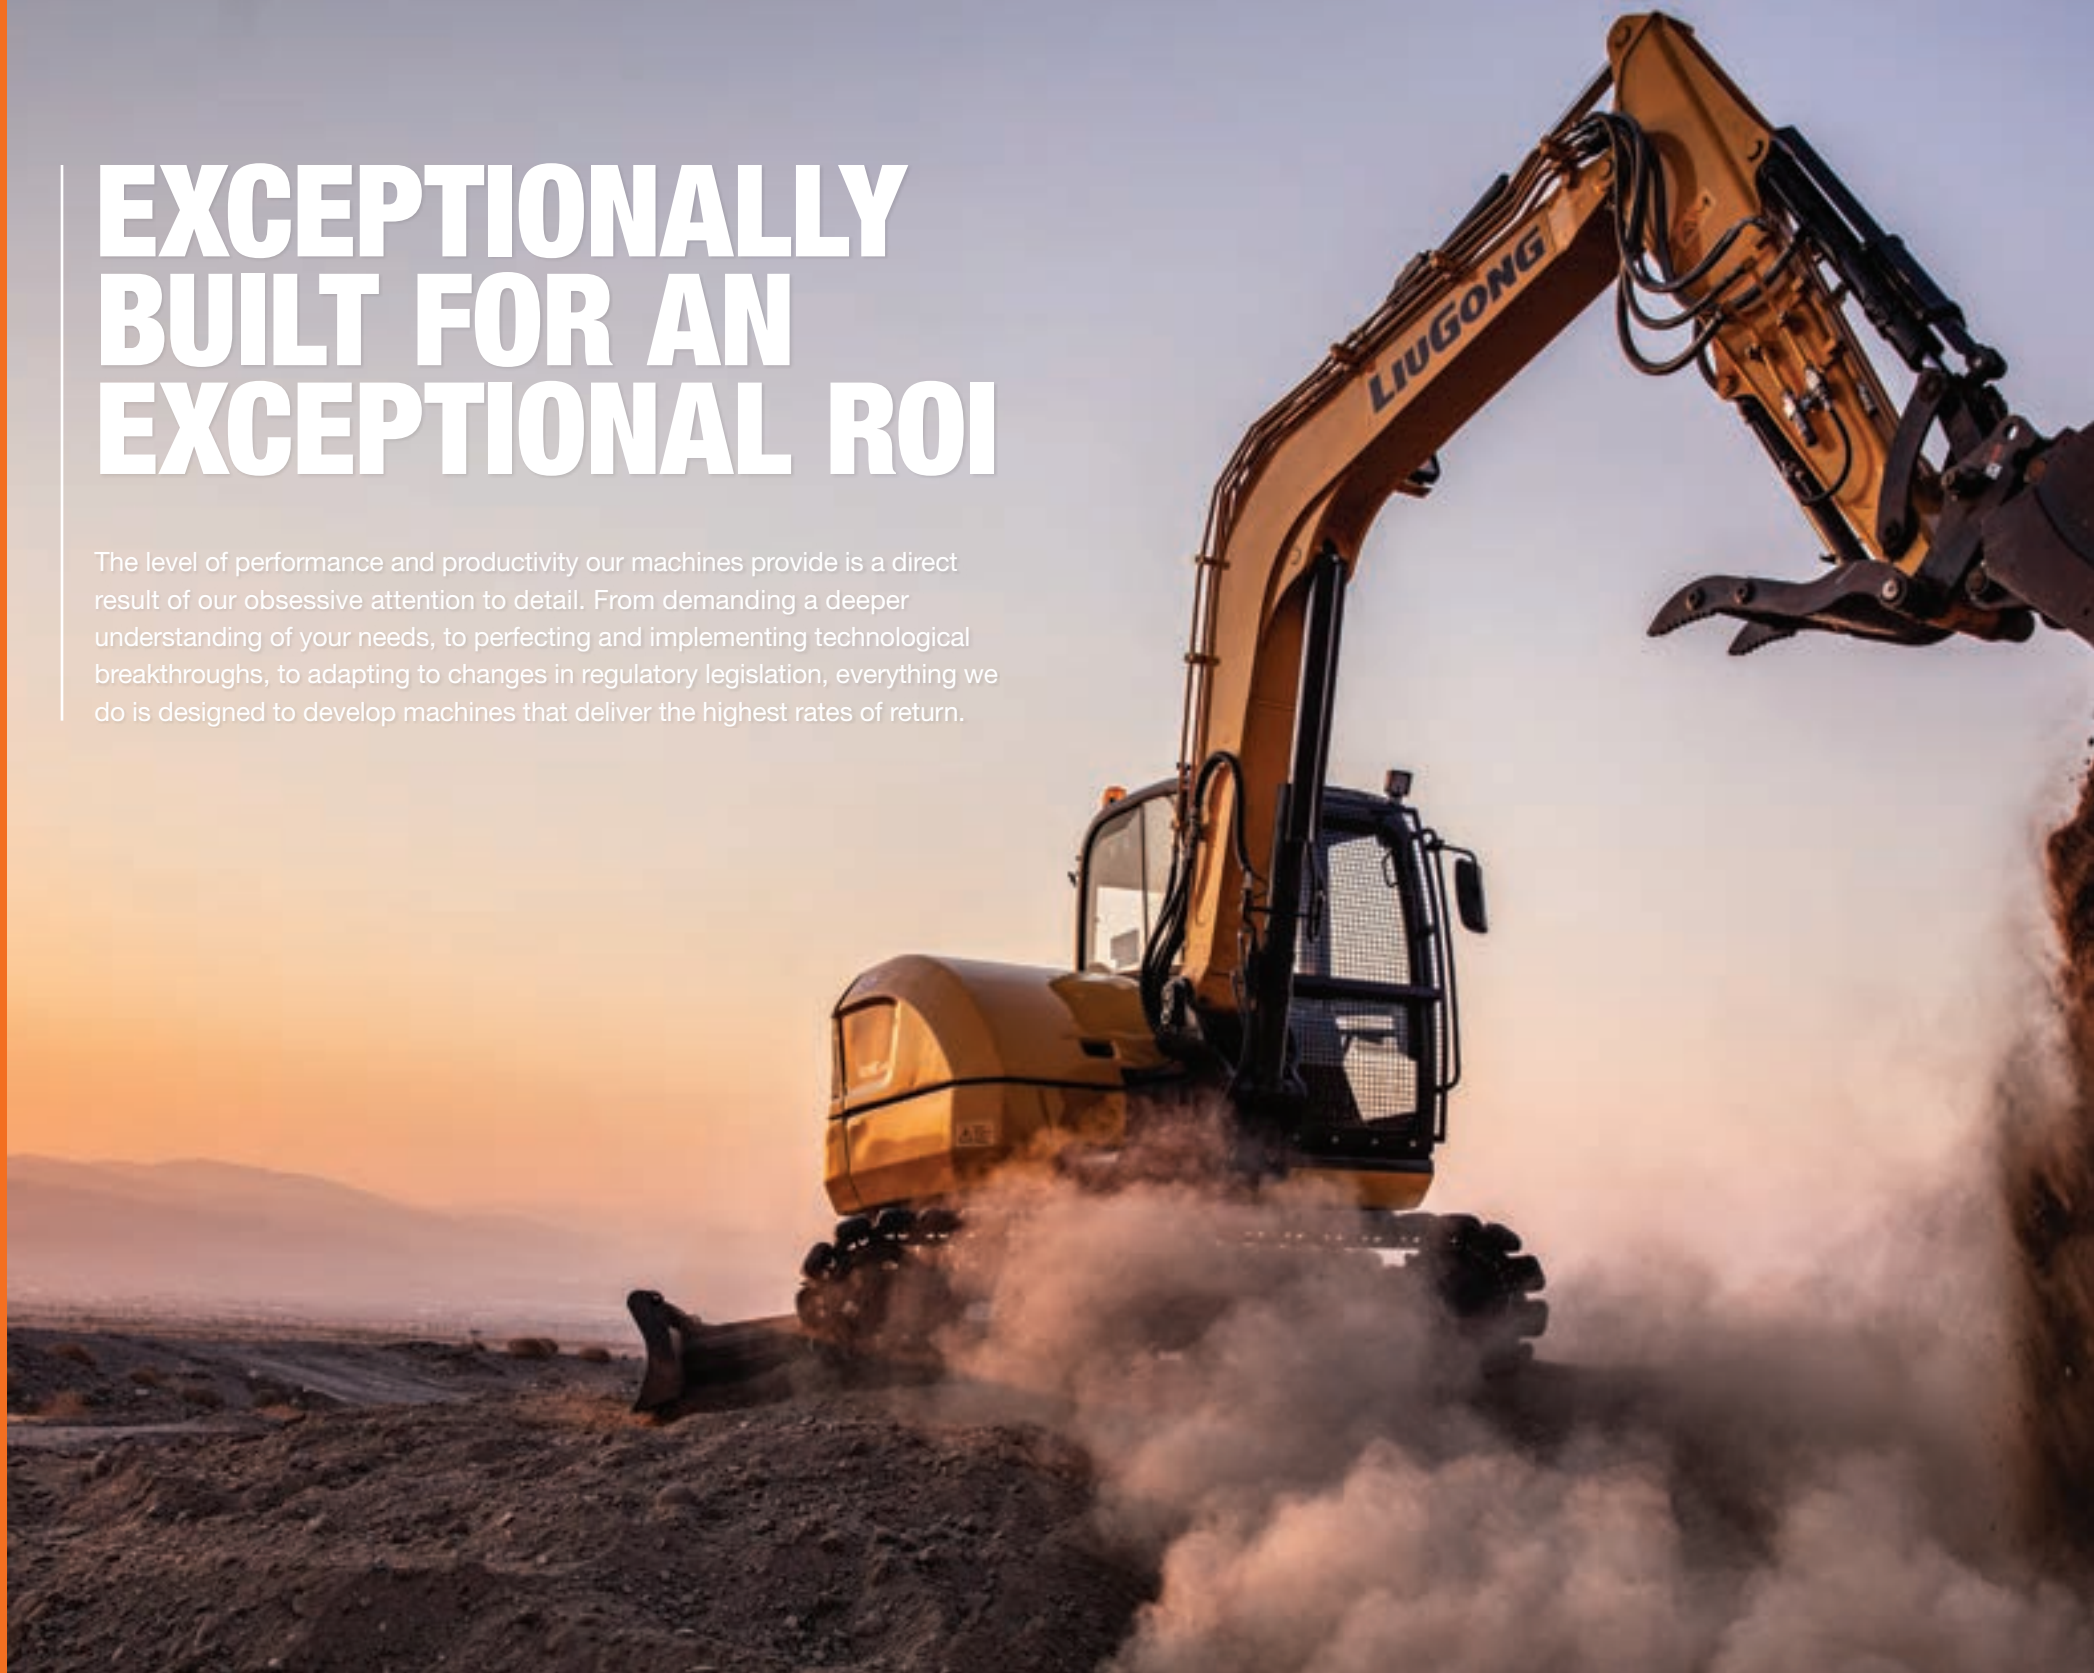

1,250+ R&D
ENGINEERS

OVER 65 YEARS
OF EXPERIENCE

EXCEPTIONALLY BUILT FOR AN EXCEPTIONAL ROI

The level of performance and productivity our machines provide is a direct result of our obsessive attention to detail. From demanding a deeper understanding of your needs, to perfecting and implementing technological breakthroughs, to adapting to changes in regulatory legislation, everything we do is designed to develop machines that deliver the highest rates of return.

EXCAVATORS

Elevating excavation with unmatched reliability and uncompromised engineering, our excavators are designed to get more done in less time. They feature strong booms, arms and buckets with excellent breakout force and reliable cycle times for better productivity.

WHEEL LOADERS

Built to overcome the challenges of the world's most demanding jobsites, it's no wonder we've distributed over 400,000 wheel loaders globally. We use top-of-the line componentry, Cummins® & Perkins® engines and ZF® transmissions and hydraulics, ensuring our reliable and durable machines get work done on time and on budget.

MATERIAL HANDLING

Loaded with the features you need most, these material handling workhorses enable you to take on a wide variety of tasks with ease and confidence. We offer 31 different models of Class 1, 3, 4 & 5 industrial forklifts, each backed by an industry-leading comprehensive warranty and supported by \$12M+ in parts stock and same-day shipment capability.

DRESSTA DOZERS

Engineered with the end user in mind, these tough machines meet and exceed the requirements of demanding operators across the globe. Dressta manufactures a full line of crawler dozers that are tough, efficient, easy to operate and fully supported with industry-leading aftermarket parts and service.

EXCAVATORS

Models	Engine	Net Power	Operating Weight	Bucket Capacity	Max. Digging Depth
9018F	Yanmar 3TNV80F	17.1 hp (12.6 kW)	3,969 lb (1,800 kg)	0.06 yd ³ (0.045 m ³)	8 ft 0 in (2,430 mm)
9027FZTS	Yanmar 3TNV80F	20.4 hp (15.2 kW)	6,063 lb (2,750 kg)	0.1 yd ³ (0.08 m ³)	9 ft 4 in (2,857 mm)
9035EZTS	Yanmar 3TNV88F	23.2 hp (17.3 kW)	8,510 lb (3,860 kg)	0.14 yd ³ (0.11 m ³)	10 ft 1 in (3,085 mm)

The Best visibility in the dozer industry.

YOUR PURCHASE OUR PRIDE

Building incredible machines is one thing. But without backing them with incredible service and support, they're nothing. Providing the best after sales experience in the industry has been at the core of our business model for over 60 years. You can count on us to help keep your equipment up and running, ensure less downtime and enable you to be the most productive as possible. Your machines need to work day and night, month after month. That's why we're committed to working even harder, providing you with the finest parts and service operations, maintenance programs, technologies, some of the most comprehensive warranties in the industry and much more.

SOLUTIONS FOR EVERY SITUATION

We purposefully create every one of our work tools to help you increase productivity. From innovative designs to durable materials to rigorous testing, you can count on our work tools to deliver peak performance in even the harshest conditions.

EXCAVATORS

- Bucket
- Hammer/Shear
- Coupler
- Thumb

WHEEL LOADERS

- Bucket
- Fork
- Coupler

DRESSTA® DOZERS

- Rippers
- Sweeps
- Screens
- Winches
- Blades

AFTER SALES SUPPORT HAS NEVER BEEN AN AFTERTHOUGHT

Anywhere in the world, if you can get one of our machines there, we can provide the needed parts, service and support there. We have presence in over 100 countries that are supported by local dealers and 9 global parts depots so you can count on our full after sales support wherever and whenever you need it. We understand the importance of being able to count on your equipment performing for you, which is why we're always here to perform for you. Making sure we can always get you what you need without delay, without fail, without excuses.

HAVING YOUR BACK IS JUST THE BEGINNING

XtraCare

3 year/4000 hour full machine warranty included in every LiuGong North America machine sale.

3 Year/6000 hour full machine warranty included in every LiuGong Forklift machine sale.

XtraCare+

3 year/4000 hour full machine warranty, plus 5 year/7000 hours Power Train & Hydraulics. Coverage for LiuGong machinery 9 tons and up (excluding compact equipment and mini excavators).

XtraCare and XtraCare+ assures you will receive LiuGong genuine replacement parts and service coverage by any authorized LiuGong dealer. LiuGong North America fully supports it.

XtraCare and XtraCare+ warranty coverage is transferable with your equipment, adding value to resell or equipment trade.

PROGRAMS BUILT TO WORK AS HARD AS OUR MACHINES

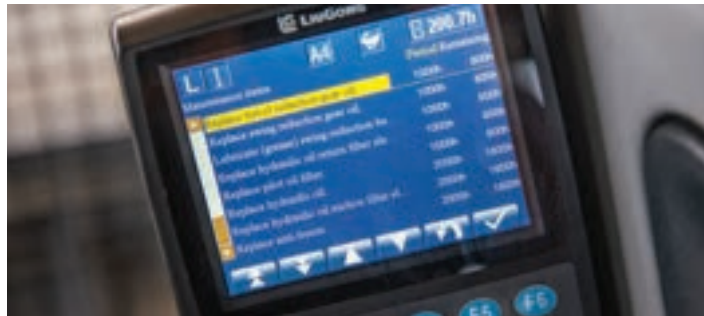

From proactive maintenance programs to advanced technologies, we're here to provide you with everything customers need to get the most out of their equipment. These are offerings that not only allow you to upsell, but services and products that strengthen relationships.

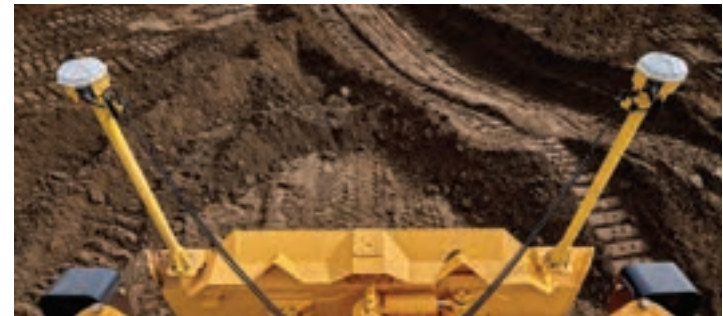

LIUGONG FLUIDS & FLUID SAMPLING PROGRAM
Ongoing fluids monitoring and maintenance is important. Utilizing LiuGong branded fluids along with our regular Fluid Sampling Program provides customers with the peace of mind that their machines are running optimally and that they can make proactive maintenance decisions.

FILTER PROGRAM
LiuGong and Dressta machine maintenance is made easy with complete maintenance filter kits for the full range of service intervals. Using filters and fluids supplied by LiuGong is essential to the reliability and longevity of your equipment.

DIAGNOSTIC SERVICE TOOLS
LiuGong Diagnostic Service Tools allow technicians access to vital machine system information. They assist in identifying problems quickly, ensure that the right repairs are made and help get equipment back to work faster.

TELEMATICS
LiuGong construction equipment and Dressta dozers feature telematic technology. This gives fleet managers real-time access to the machine information they need to optimize usage and stay on top of scheduled maintenance and repair needs.
